

Conference Schedule – Tutorials

Sunday, April 25				
7:00-8:30	Continental Breakfast (Full-Day and AM Tutorial Participants Only)			
Pre-Conference Tutorials				
8:30-10:00	TAM1: IDS Certification Preparation Tutorials Sanjit Chakraborty Quail Creek I	TAM2: Rev Up Your Engine, Improve the Speed of Your IDS John Miller Quail Creek II	TAM3: Informix Warehouse Unleashed! Pamela Siebert Quail Creek III	TAM4: Troubleshooting Methods and Techniques Ron Privett, Mark Jamison, Hyun-Ju Vega Quail Creek IV
10:00-10:30	Refreshment Break			
10:30-12:00	TAM1: IDS Certification Preparation Tutorials Sanjit Chakraborty Quail Creek I	TAM2: Rev Up Your Engine, Improve the Speed of Your IDS John Miller Quail Creek II	TAM3: Informix Warehouse Unleashed! Pamela Siebert Quail Creek III	TAM4: Troubleshooting Methods and Techniques Ron Privett, Mark Jamison, Hyun-Ju Vega Quail Creek IV
12:00-1:00	Lunch (Full-Day and PM Tutorial Participants Only)			
12:00-7:00	Conference Registration -- Registration Desk			
1:00-2:30	TPM1: Enhance and troubleshoot ELT jobs execution using Informix Warehouse Veronica Gomes, Mike Terrell Quail Creek III	TPM2: How to use the database scheduler and SQL Admin API John Miller Quail Creek II	TPM3: Hands on with IDS Storage Optimization Carlton Doe, Neil Williams Quail Creek I	TPM4: Advanced Troubleshooting Scenarios Ron Privett, Mark Jamison, Hyun-Ju Vega Quail Creek IV
2:30-3:00	Refreshment Break			
3:00-4:30	TPM1: Enhance and troubleshoot ELT jobs execution using Informix Warehouse Veronica Gomes, Mike Terrell Quail Creek III	TPM2: How to use the database scheduler and SQL Admin API John Miller Quail Creek II	TPM3: Hands on with IDS Storage Optimization Carlton Doe, Neil Williams Quail Creek I	TPM4: Advanced Troubleshooting Scenarios Ron Privett, Mark Jamison, Hyun-Ju Vega Quail Creek IV
5:00-5:45	Speaker-Moderator Orientation Quail Creek II			
6:00-8:00	Welcome Reception -- Exhibit Hall			
8:30-11:00	X-Treme Team Trivia -- Exhibit Hall			

Conference Schedule – Technical Sessions

Monday, April 26					
7:00-8:00	Breakfast				
8:00-9:10	Opening Keynote Presentation, Jerry Keesee -- Exhibit Hall				
9:10-9:30	Break				
9:30-12:30	HOL1: Using Optim Test Data Management Solution with Informix Dynamic Server Adam Hattrell -- Board Room				
9:30-5:00	IBM Certification Testing -- Sunflower Room (Last seating at 4:30)				
9:30-10:30	A01: Data Modeling Jack Parker Quail Creek III	B01: Best Practices for Running Informix Instances in a VMware ESX Server Environment Sreeni Paidi Quail Creek IV	C01: An Introduction to the New Features in IDS 11.5 Kevin Brown Salons G & H	D01: Getting the Best out of Support Pradeep Kutty; Charles Gonsalves Quail Creek I & II	E01: IBM solidDB In-Memory Database Technology--Benefits Informix Users with Extreme Speed Ari Valtanen Salons I & J
10:30-10:45	Refreshment Break				
10:45-11:45	A02: Everything You Wanted to Know about External Tables in IDS Khaled Bentebal Quail Creek I & II	B02: Understanding Information Governance Unknown or TBD Quail Creek III	C02: Disposable Dashboards - Mix and Mash with Informix and IBM Mashup Hub Rajesh Nair Quail Creek IV	D02: New Replication/Availability Functionality Since 11.50xC1 Madison Pruet Salons G & H	E02: Climbing the Performance Pyramid Spokey Wheeler Salons I & J
11:45-1:00	Lunch				
1:00-4:00	HOL2: Everything You Wanted to Know About... CAF, Connection Manager, and Failover Ron Privett -- Board Room				
1:00-2:00	A03: Physical Database Design: Best Practices Tom Girsch Salons G & H	B03: Development of DataBlades for Managing Scientific Data M. Dunham-Wilkie Quail Creek III	C03: Accelerating Your Business with IDS Srinivasan R Mottupalli Quail Creek IV	D03: The Autonomics of Informix Dynamic Server 11.5 Rakesh Naik Quail Creek I & II	E03: Using IDS with the Go Programming Language Jonathan Leffler Salons I & J
2:00-2:10	Break				
2:10-3:10	A04: Combining HDR and ER for the Ultimate Production Environment David Summers Salons I & J	B04: Use EXPLAIN SQL with any Tool Fernando Nunes Quail Creek III	C04: Optimistic Concurrency in IDS Prasad Mujumdar Quail Creek IV	D04: OAT: Behind the Scenes Erika Von Bargaen Salons G & H	E04: Building Data Warehouses with IBM Informix Lester Knutsen Quail Creek I & II
3:10-3:30	Refreshment Break				
3:30-4:30	A05: Implementing SDS (Shared Disk Secondary) Tips and Tricks Jeff Filippi Salons G & H	B05: Using Open Source Languages with Informix - Part 1 Darryl Priest; Tom Beebe Salons I & J	C05: Always Online: Modifying Your Server and Schema while Keeping Your Apps Online Uday Kale Quail Creek I & II	D05: Using the IBM Support Assistant for Performance Tuning David Jay Quail Creek III	E05: IDS Security Best Practices: PCI Compliance Jonathan Leffler, Mark Jamison Quail Creek IV
4:30-4:40	Break				
4:40-5:40	A06: To Log or Not to Log, Everything About Database Logging Jeffrey Bohm Quail Creek III	B06: Using Open Source Languages with Informix - Part 2 Darryl Priest, Tom Beebe Salons I & J	C06: Beyond Mach 11 and Compression. The 'forgotten' features & add-ons of IDS... Alexander Koerner Quail Creek I & II	D06: Lycia IDE: The Eclipse Based 4GL Team Development Solution <i>Querix</i> Salons G & H	E06: Building your BI Platform with Informix Warehouse & Cognos Express R. Nair, R. Creeth Quail Creek IV
6:00-?	Networking Event, Dr. Arvind Krishna -- Exhibit Hall				

Sessions shaded **BLUE** are Sponsor presentations.

Tuesday, April 27

7:00-8:00	Breakfast				
8:30-11:30	HOL3: IDS in Cognos Express: Embedding IDS Case in Point Tosin Ajayi, Sara Forghanizadeh -- Board Room				
8:00-9:00	A07: Performance Tuning In Depth the Next Generation – Part 1 Art Kagel Quail Creek I & II	B07: Exploiting Hierarchical Queries ... Vinayak Shenoi Quail Creek III	C07: Informix 4GL functions in the GUI environment via web-services Srinivasan R Mottupalli Quail Creek IV	D07: Informix and Disk Level Encryption : The (D)ata (E)ncryption (E)xpert solution Mark Jamison Salons G & H	E07: Cloud Computing with IDS Guy Bowerman Salons I & J
9:00-9:10	Break				
9:10 - 10:10	A08: Performance Tuning In Depth the Next Generation – Part 2 Art Kagel Quail Creek I & II	B08: Using Informix and the Entity Framework Michael Payne, Doug Compton Quail Creek III	C08: Secure Availability of Public Finances with IBM IDS-CAF Cesar Jiménez, Carlos Garcia Salons G & H	D08: Conversion Guard - Making it Easier than Ever to Migrate between IDS Versions Scott Lashley Salons I & J	E08: Best Practices for using the Informix Warehouse ELT Tooling Veronica Gomes Quail Creek IV
9:30-5:00	IBM Certification Testing -- Sunflower Room (Last seating at 4:30)				
10:10-10:30	Refreshment Break				
10:30-11:30	A09: Exploring the Sysadmin Database - Performance Monitoring and Tuning Lester Knutsen Quail Creek I & II	B09: Good Health, Genero and IDS in the Cloud--A New Application Delivery Model <i>Four J's</i> Quail Creek III	C09: How to migrate 100's of Apps, 1000's of Servers and over One Petabyte of Data! Mac Horn Salons G & H	D09: New Informix Features for Application Developers Mark Jamison Quail Creek IV	E09: Overview of the IBM Smart Analytics Optimizer for IDS Frederick Ho, Keshava Murthy Salons I & J
11:30-12:50	Lunch and Special Session				
12:50-1:00	Break				
1:00-4:00	HOL4: Adminstrating IDS HA and Replication Environment Prasad Mujumdar -- Board Room				
1:00-2:00	A10: Using Enterprise Replication for Workload Partitioning Rick Rabe Salons G & H	B10: Adding Predictive Search into Your Web Applications on IDS Keshava Murthy Quail Creek III	C10: Enterprise Class Embeddability Guy Bowerman Quail Creek IV	D10: The ins and outs of AIO, KAIO, DIRECT I/O, and CONCURRENT I/O Rakesh Naik Quail Creek I & II	E10: WebSphere for Informix - You Have a Need to Know! Marty Lurie Salons I & J
2:00-2:10	Break				
2:10-3:10	A11: IDS Indexing Scott Lashley Quail Creek I & II	B11: A Peek into the Lab - Informix Development and Agile Practices Mukta Singh Quail Creek III	C11: Using Informix to Break into a New Market Steve Johnson Salons G & H	D11: Reduce your IT Costs with IBM System x Informix Cluster Configuration C. Fung, L. Knutsen Salons I & J	E11: Programming java UDR's Sergio Ferreira Quail Creek IV
3:10-3:30	Refreshment Break				
3:30-4:30	A12: Informix Dynamic Server can be Groovy Adam Hattrell Quail Creek III	B12: Smart Meter Monitoring - Why Timeseries is the Only Option Simon David (Cosmo) Quail Creek IV	C12: Protecting Your Data Through Data De-Identification <i>DataVantage</i> Salons G & H	D12: Upgrading Hardware and IBM Informix Dynamic Server with Zero Downtime R. Privett, A. Ford Quail Creek I & II	E12: Understanding Auto Update Statistics John Miller Salons I & J
4:30-4:40	Break				
4:40-5:40	BOF1: Fastest Informix DBA Contest Results L. Knutsen, S. Lashley Quail Creek I & II	BOF2: Open Source Jacques Roy Salons G & H	BOF3: Replication and Availability Madison Pruet Salons I & J	BOF4: Warehouse and Business Intelligence Frederick Ho Quail Creek III	BOF5: Zero Admin GuyBowerman Quail Creek IV
6:30-?	Conference Party: Casino Night – Exhibit Hall				

Wednesday, April 28

7:00 - 8:00	Breakfast				
8:00 - 9:10	Q & A with IBM Executives: Alyse Passarelli, Inhi Cho Suh, Rob Thomas -- Exhibit Hall				
9:10 - 9:30	Break				
9:30 - 12:30	HOL5: IDS in Cloud Hands-On Lab Yunming Wang--Board Room				
9:30 - 5:00	IBM Certification Testing -- Sunflower Room (Last seating at 4:30)				
9:30-10:30	A13: Performance Tuning for Informix applications Khem Chander Quail Creek I & II	B13: Performance Management in the 21st Century <i>QueBit Consulting, LLC</i> Salons G & H	C13: IDS and Telecom Industry in China Guo Rong Sun, Young-Yi Tan Salons I & J	D13: IDS Backup and Restore -- New Features, Tips, and Insights Hyun-Ju Vega Quail Creek III	E13: The Basics of Writing and Utilizing C-User Defined Routines John Miller Quail Creek IV
10:30-10:45	Break				
10:45-11:45	A14: Replay Your Informix Production Transaction Load on Your Test System Russ Clancy Salons G & H	B14: Understanding DRDA Features and Benefits Jacques Roy Quail Creek III	C14: How IDS Can Turn an Ordinary Sports Event into a Smart Sports Event Alexander Koerner Quail Creek I & II	D14: IDS Security Best Practices Dave Desautels Quail Creek IV	E14: Live End-to-End Data Warehousing and Analytics Using Informix Warehouse and Cognos Express <i>One Point Solutions</i> Salons I & J
11:45-1:00	Lunch				
1:00-4:00	HOL6: Up Close and Personal with IDS 11.50 Features Sanjit Chakraborty--Board Room				
1:00-2:00	A15: Using the Onpladm Tool for Informix High-Performance Loader John Carlson Quail Creek III	B15: Best Practices for Informix Developers Art Kagel Quail Creek I & II	C15: Informix Health Check and Performance Tuning Young-Yi Tan, Guo Rong Sun Quail Creek IV	D15: Intrado and Informix Helping to Save Lives Chris Cartellone Salons G & H	E15: Informix Compression - Disk Speed Really Matters! Marty Lurie Salons I & J
2:00-2:10	Break				
2:10-3:10	A16: Informix in the Everyday World - Moving from 10 to 11 Mike Magie Salons G & H	B16: Best Practices for Using SPL David Link Quail Creek III	C16: PDQ Not Just "Pretty Darn Quick" Jeffrey Bohm Salons I & J	D16: Help yourself with SQLTRACE Hyun-Ju Vega Quail Creek I & II	E16: Informix is Not for Legacy Applications Jean Georges Perrin Quail Creek IV
3:10-3:30	Refreshment Break				
3:30-4:30	A17: Integration : Informix and Other IBM Products Mahesh Dashora, Atul Khachar Salons G & H	B17: Slithering Snakes! Using Python with IDS Nicholas Geib, Andrew Ford Salons I & J	C17: Developing Eclipse Applications that Embed Informix Management Lance Feagan Quail Creek III	D17: Everything You Always Wanted to Know about Checkpoints - II Darin Tracy Quail Creek I & II	E17: Mine Your Own Business Pradeep Natarajan Quail Creek IV

Sessions shaded **BLUE** are Sponsor presentations
